

FACULTY POSITION IN ACTUARIAL SCIENCE

SCHOOL OF ACTUARIAL SCIENCE
LAVAL UNIVERSITY

The School of Actuarial Science invites applications for a tenure-track faculty position in Actuarial Science with appointment starting June 2001. The new professor will join the 10 faculty members currently in function. Teaching at Laval University is conducted in French.

Duties: The candidate is expected to:

- teach to undergraduate and graduate students, counsel students;
- supervise graduate students;
- conduct research in Actuarial Science and get involved in team projects;
- preferably be involved in one of the following: Property and Casualty Insurance, Individual Life Insurance, Group Benefits;
- contribute to the academic, administrative and professional activities of the School.

Qualifications: The candidate is expected to:

- hold (or be near completion of) a Ph. D. in Actuarial Science or a related discipline; be well engaged in actuarial research; be (or be close to be) a member of a recognised association of actuaries; or
- be (or be close to be) a Fellow of a North American actuarial association; have research experience or hold a Master's degree in an area related to Actuarial Science; demonstrate at least 5 years of professional experience.

In compliance to its Employment Equity program, Laval University intends to hire women of half of its vacant positions. In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada.

Applications: All interested candidates are invited to submit a curriculum vitae and to arrange for 3 letters of reference to be sent to:

Professor Michel Jacques, Chair
École d'actuariat
Pavillon Vachon, porte 1620
Université Laval
Ste-Foy (Québec)
Canada G1K 7P4

The closing date for applications is February 15, 2001.

HERIOT-WATT UNIVERSITY, EDINBURGH, UK

SENIOR-LECTURESHIP/LECTURESHIP IN ACTUARIAL MATHEMATICS

SENIOR-LECTURESHIP/LECTURESHIP IN FINANCIAL MATHEMATICS

Applications are invited from persons with research interests in actuarial mathematics or financial mathematics for appointments in the Department of Actuarial Mathematics and Statistics at Heriot-Watt University, Edinburgh. It is intended that these permanent appointments will reinforce the Department's established strength in actuarial science and contribute to its expansion into the field of financial mathematics. The persons appointed will be expected to contribute to the widening of the Department's teaching activities in these areas.

Ideally, applicants should:

- have a doctorate in a subject such as actuarial mathematics, financial economics, statistics or mathematics;
- be active researchers in actuarial mathematics or financial mathematics with a strong publication record in refereed journals in these areas;
- be able to teach a range of courses in actuarial or financial mathematics.

The level of appointment will depend upon the expertise and qualifications of the successful applicants.

The closing date for applications is 26 January, 2001.

Persons wishing to discuss these opportunities informally and in strict confidence may contact either: John McCutcheon (Head of Department), (+44 131 451 3202) (J.J.McCutcheon@ma.hw.ac.uk); or Howard Waters, (+44 131 451 3202) (H.R.Waters@ma.hw.ac.uk).

Application forms and further information may be obtained from: The Director of Personnel, Heriot-Watt University, Riccarton, Edinburgh, EH14 4AS, UK, or phone +44 131 451 3475 (24 hours). Please quote job reference 301/00/ABX.

Further information about the positions and the Department can also be found at <http://www.ma.hw.ac.uk/ams.html>
