

## Committee on Management Data and Information Education Guide

- \*1=Data Management Profession
- 2=Data Administration including Warehousing and Design
- 3=Data Quality
- 4=Data Collection and Statistical Reporting
- 5=Data Mining and Neural Networks
- 6=Special Topics
- a=General or introductory
- b=Narrow focus or advanced

Category*	Title	Author
1a	Insurance Data Management - Defining the Profession, A white paper	IDMA
1a	Data Administration: A Practical Guide to Successful Data Management	Durell, William R.
1a	Information Management in Insurance Companies	McLeod, Raymond
1a	Data Administration Management & Practice	Newton, Judith, J.; Spielman, Frankie, E., eds.
1a	Data Administration Standards and Techniques	Newton, Judith, J.; Spielman, Frankie, E., eds.
1a	Basics of Data Management for Information Services	Underwood, P. G.; Hartley, R. J.
1b	Insurance Data and Intellectual Property Issues	Wickman, Alan
2a	Systems Development & Project Management Study Guide	IDMA
2a	Data Administration Study Guide	IDMA
2a	An Elementary Introduction to Data Base Management	Bradley, James
2a	Information Management & Archival Data	Cook, M.
2a	Data Model Patterns Conventions of Thought	Hay, David C.
2a	Building the Data Warehouse	Inmon, William
2a	Data Models, Database Languages & Database Management Systems	Vossen, Gottfried
2a	Data Management & Data Description	Williams, Richard
2a	The Data Warehouse Toolkit: Practical Techniques For Building Dimensional Data Warehouses	Kimball, Ralph
2a,6a	Let Me See: Visualizing Actuarial Information	Popelyukhin, Aleksey
2b	Handbook of Relational Database Design	Flemming, Candace; Halle, Barbara von
2b	Database Step-byStep	Gillenson, Mark L.
2b	Data Sharing	Brackett, Michael
2b	Practical Data Design	Brackett, Michael
2b	Object Data Management: Object-Oriented & Extended Relational Database Systems	Cattell, R.G.G.
2b	Information Modeling and Relational Databases	Halpin, Terry
2b	Requirements Analysis Architecture	Hay, David C.
2b	Data Management, an Organizational Perspective	Watson, Richard
2b	Using the Data Warehouse	Inmon, William; Hackathorn, Richard
2b	The Data Warehouse Toolkit: The Complete Guide to Dimensional Modeling	Kimball, Ralph
2b,3b	Improving Data Warehouse and Business Information Quality	English, Larry P.
2b,6b	On Hierarchy of Actuarial Objects: Data Processing from the Actuarial Point of View	Popelyukhin, Aleksey
3a	Data Quality Certification Model (Framework and Guidelines) for Insurance Data Management	IDMA
3a	Readings in Insurance Data Quality	IDMA
3a	Data Resource Quality	Brackett, Michael
3a	Management and Control of Data	ISO, Inc.

	3a	Principles of Quality Costs	ASQC Quality Costs Committee, Campanella, Jack, ed.
	3a	Insurance Data Quality	Marr, Richard, ed.
	3a	White Paper on Data Quality	CAS Committee on Management Data and Information
	3a	ASOP #23 - Data Quality	Actuarial Standards Board
	3b	Quality of Data Audit Guide	ISO, Inc.
	3b	Audit Sampling	American Institute of Certified Public Accountants
	3b	Managing Quality Dynamics	Teboul, James
	3b	Statistical Data Monitoring System	NY Insurance Department
	3b	P/C Actuaries: Happy with Your Data	Marr, Richard
	3b	Y2K - A Regulatory Response	Montemayor, Jose; Patterson, Betty; Gwynn, Holmes
	3b	Watch your TPA: A Practical Introduction to Actuarial Data Quality	Popelyukhin, Aleksey
	3b	Data Quality for the Information Age	Artech House Publisher
	4a	Insurance Statistical Reporting	IDMA
	4a	Insurance Data Collection and Statistical Reporting Study Guide	IDMA
	4a	Insurance Data Collection and Dissemination Process: Mission Statement, Vision Statement, Guiding Principles	IDMA
	4a	Standards and Guidelines for Data Elements	ISO, Inc.
	4a	Statistical Plans for Property/Casualty Insurers	Prevosto, Virginia
	4b	Recommended Steps for Legislators and Regulators to Follow in Issuing Data Requests; A tool to Limit the Costs of Insurance Data Reporting	IDMA
	4b	Automation in Insurance	Anderson; Hamburg; McGahan; Turner
	4b	Remittance Imaging at Allstate Insurance Company	Taylor, Linsey
	5b	Using Neural Networks to Predict Claim Duration in the Presence of Right Censoring and Covariates	Speights, David; Brodsky, Joel; Chudova, Darya
	5b	Neural Networks Demystified	Francis, Louise
	6a	Management Information Systems	McLeod, Raymond
	6a	Component-Based Business: Plug and Play	Veryard, Richard
	6b	Management of Information From Archives	Cook, M.
	6b	Building the Customer-Centric Enterprise	Imhoff, Claudia
	6b	Software Engineering: A Project Management Approach	McLeod, Raymond
	6b	Principles of Distributed Database Systems	Valduriez, Patrick., ed.
	6b	Synchronizing Data Management Technologies into Integrated Actuarial Processes	Kouatly, Omar D.; Littmann, Mark W.; Popelyukin, Aleksey
	6b	Insurance Geographics	Raichle, William
	6b	Geocoding: Descriptions and Uses	Brubaker, Randall; Bylis, Robert
	6b	Implications of Dynamic Financial Analysis on Demutualization	Lommele, Jan; Bingham, Kevin
	6b	United States Postal Service's New Role: Territorial Ratemaking, The	Werner, Geoffrey
	6b	A Macro Validation Dataset for U.S. Hurricane Models	Collins, Douglas; Lowe, Stephen
	6b	Actuarial Applications of Multifractal Modeling Part I: Introduction and Spatial Applications	Major, John; Lantsman, Yakov
	6b	Actuarial Applications of Multifractal Modeling Part II: Time Series Applications	Major, John; Lantsman, Yakov
