volunteers. Perhaps one of these activities is calling your name!

Some of the activities that are underway or in the planning stages include:

• Engaging internationally, including international employers, regulators, universities, and actuarial associations.
• Facilitating the growth of the CAS globally by targeting member, candidate and/or revenue growth where we have the best opportunities for success. Identify a small number of countries the CAS needs to prioritize, narrowing first regionally and then to individual countries. Ultimately, we will assess the viability of promoting CAS in each country.
• The CAS can successfully engage with several countries. The number of countries that we are going to focus our efforts on will vary but primarily we will focus on:

  • “Mature” countries – such as the UK and much of Western Europe.
  • Several countries – Singapore, Hong Kong, and Taiwan – where we have existing members.
  • Emerging countries where we see the potential for growth. The assessment was not a one-time activity: with our assessment tool, we can keep an eye on emerging countries to decide if some should be promoted to the “actuarially mature” category.

In addition to the above, the CAS is interested in learning about the views of the CAS membership as part of our strategic planning. We would like to hear your thoughts. We have included a survey question(s) in this newsletter to enable you to provide your feedback. Please share your thoughts and opinions with us.

As a reminder, this newsletter will contain additional information on the evaluation of our international strategy. New information and member feedback may be included in future newsletters.

Save the Date: The CAS will hold its annual Leadership Summit on September 30th. All volunteer leaders will be invited to attend. The Summit will be a virtual event.

CAS Diversity, Equity, and Inclusion

By Dr. AConversation with Dr. Leong and CAS CEO Victor Carter-Bey

During the Town Hall, CAS President Jessica Leong and CAS CEO Victor Carter-Bey shared a DE&I update. The discussion focused on the metrics designed to help CAS leaders understand the current state and track progress over time, including a DE&I data report and detailed infographic metrics. The data report is now available for public viewing. The infographic metrics are currently being designed and will be available soon.

In addition, the LEADERSHIP DEVELOPMENT COMMITTEE is discussing how to improve the DE&I data report, including metrics and how it can be used to identify areas for improvement. The committee is also considering how to use the data to make informed decisions about our DE&I initiatives.

Volunteer-Staff Framework

The Board of Directors will continue to set the strategic direction of the CAS as an associate organization below, and get involved!

Each of these sections offers strong leadership and an engaged group of volunteers. Hat tip to all of these members and sharing their time.

ANNUAL VOLUNTEER AWARDS

Have you worked with a CAS volunteer who performed far beyond what was expected of them? Consider nominating them for one of the following volunteer service awards:

• Above and Beyond Achievement Award
• New Member Award (NMA)
• Matthew Bernhard Memorial Service Award

Nominations are open and due by July 31st.
