Public Entity - Poll Question

1

- Have you ever performed pricing work for public entities or public entity pools, either for the primary or reinsurance layer?

Table of Contents

- Introduction
- COVID Impact
- Law Enforcement Liability
- Sexual Abuse and Molestation
- Property
- Cyber Liability

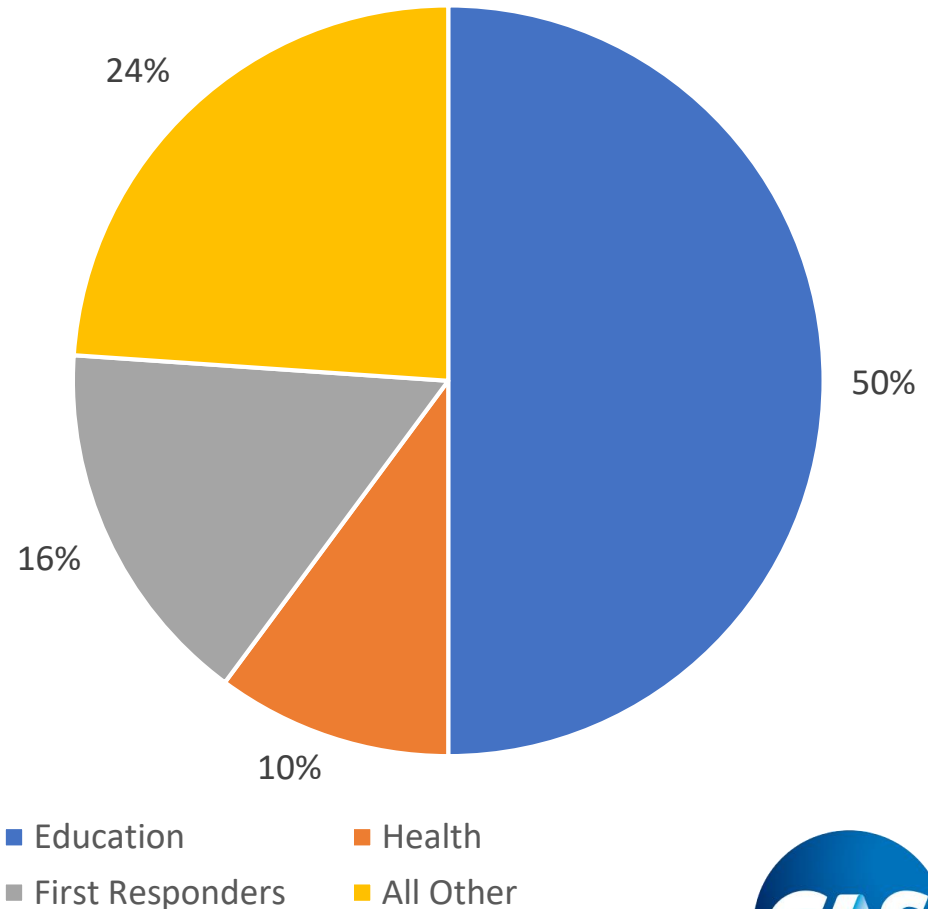

There are approximately 90,000 public entities in the U.S.

There are
14 million local
government
employees,
approximately
8% of the U.S.
workforce

Local Government Employees by
Category

COVID-19 Impact

How have public entities been impacted by COVID over the past year?

COVID-19 Impact

How has COVID, either directly or indirectly, impacted the purchasing of insurance and reinsurance for your organizations?

What are your biggest concerns going forward?

Law Enforcement Liability

Police professional liability had already been an increasingly high-profile exposure over the past decade. However, the landscape, legislation, and attitudes surrounding policing in this country has likely changed more in the 12 months post-George Floyd than it had in prior 10 years combined, including the following:

- State/federal legislation, including growing momentum to end qualified immunity
- De-funding police departments and creation of “police-free” zones in metro areas
- Increase in the number of high-dollar LEL settlements
 - \$12 million to family of Breonna Taylor, Louisville, KY (9/20)
 - \$20 million to family of William Green, Prince Georges County, Maryland (9/20)
 - \$27 million to family of George Floyd, Minneapolis, Minnesota (3/21)

Public Entity - Poll Question

2

- What percentage of county reinsurance liability claims are attributable to law enforcement liability, historically?

(Other major lines are General Liability, Public Officials Liability, Auto Liability,

and Cyber Liability)

- A Less than 20%
- B 20 - 40%
- C 40 - 60%
- D 60 - 80%
- E More than 80%

Law Enforcement Liability (LEL) comprises approximately 2/3 of County Re's total Liability losses

Liability, driven by LEL, has a much greater share of County Re's total losses than it did a decade ago

Law Enforcement Liability

Which aspects of the current law enforcement environment are you most concerned about?

How are they impacting the cost/availability of reinsurance?

Summary of 2019 SOL Reform for Child Sex Abuse

Legend:

- New Law (24)
- Introduced Bill (41)
- No Activity (10)
- Revival Window/Law (9)

States with Revival Window/Law (9): CA, AZ, MT, NY, NJ, MD, NC
