Welcome to the June 2022 issue of the Leadership Development Committee (LDC) Newsletter! We are pleased to share that we are expanding this publication to a broader audience beyond volunteer chairs and coordinators. As a CAS volunteer, you will receive this newsletter as well as the CAS Volunteer-Staff Framework.

We have made numerous improvements since introducing the CAS Volunteer-Staff Framework (VVF) in 2020. As a result, we have continued to focus on providing information and resources to CAS volunteers who are interested in taking on leadership roles, either in the LDC or other committees.

Volunteers are the lifeblood of the CAS. We cannot continue to maintain the level of service and support we provide without the dedication and hard work of our volunteers. Therefore, it is imperative that we continue to develop the best volunteer experience possible.

In this edition of the LDC newsletter, we highlight the importance of recognizing volunteer contributions through our annual volunteer awards. We also discuss the various motivations for volunteering and how the CAS is working to improve volunteer retention. Finally, we provide updates on the Leadership Development Committee's (LDC) work and initiatives.

Volunteer retention is all about engaging volunteers and helping them understand the value they can bring to the CAS. This edition provides insights into some of the creative ways we are working to make the volunteer experience the most valuable.

Volunteers who give their time to partner with CAS staff to help achieve this goal:

- Fulfillment
- Knowledge and Experience
- Values
- Social

What motivates me to volunteer?

How do I hope to benefit personally?

How do I hope to benefit the CAS by being a volunteer?

Fulfillment
- Engaging in activities that contribute to my personal and professional growth.
- Developing relationships with other people.
