

New CAS Portal

Existing User First-Time Login Updated: 02/24/2025

As an existing user logging into the new CAS Portal for the first time, you will be required to perform a "Password Reset" within the new system, set up multi-factor authentication, and review and update your personal and professional profile information. Please follow the instructions below to access the new CAS Portal.

1

2

Navigate to the New CAS Portal

At the initial login screen, enter your existing email address (the one you used to log in to the previous CAS portal), then select "*Next*."

Note: If you no longer have access to this email or need to update your email, please email <u>acs@casact.</u> <u>org</u> and request a system email change. Please note it may take up to five business days to update your email during this time of system transition.

After the successful authentication, you will land on your CAS Portal and be prompted to go through a series of screens to update your personal and professional profile information. You need to navigate through each screen and select "Update" or "Confirm" in every section until the message "Profile Update Successful" is visible on the homepage.

After you update your profile, you will be taken to the CAS Portal homepage where you can register for exams and events, certify your continuing education, pay your dues, see which volunteer groups you are part of, and conduct other CAS business.
