Exam Content Outline

International Regulation and Financial Reporting – Exam 6I

Delivery Format

APPOINTMENT TIME: 4.5 HOURS		
Exam Duration	Scheduled Break	Exam Tutorial, Confidentiality Agreement, End of Exam Survey
4 hours	15 min	15 min

Exam Item Types

Candidates may see the following item types in the CAS examinations. Candidates should become familiar with these item types and sample questions will be available in 2024.

Multiple Choice

Multiple answer choices are presented after a problem with only one correct answer.

Multiple Selection

Multiple answer choices are presented after a problem with more than one correct answer.

Point and Click

An image is presented after a problem where the candidate must identify the correct area of the image by clicking on the correct location in the image.

Fill in the Blank

A blank section is presented after a problem where the candidate must input the correct value.

Matching

Content columns presented after a problem where the candidate must correctly match content from one column to another.

Constructed Response

A blank response area is presented after a problem where candidates must construct and develop their own answer.

Spreadsheet

Spreadsheet-type items are displayed to the candidate in a spreadsheet format and candidates can make use of most spreadsheet functions. Please review the testing guide prior to sitting for your exam to note any differences between the Pearson Vue testing environment and common spreadsheet software (e.g., Excel, Google Sheets).

Expertise. Insight.
Solutions.

Exam Cognitive Level

Each task is tied to a certain type of mental operation or thinking skill, which is called the cognitive level. ACAS and FCAS use four cognitive levels, and every examination item is authored to address both the task and one of the following cognitive levels paired with that task (*sample questions coming soon*).

Remember: 5-10%

Tests the ability of the candidate to recall or remember knowledge or facts.

Understand and Apply: 65-85%

Measures the candidate's ability to understand and apply ideas and concepts to new situations.

Analyze and Evaluate: 10-20%

Requires the candidate analyze information, combine concepts/ideas, and justify a position resulting from that combination.

Create: 0-5%

Requires the candidate to synthesize conclusions by evaluating the validity of ideas and concepts.

Exam Section Details

Candidates should know how to apply frameworks and concepts to specific examples from the following locations/markets:

- China
- Hong Kong
- Malaysia
- Singapore

DOMAINS	DOMAIN WEIGHT
A. Regulation of Insurance	15-20%
B. Solvency	15-25%
C. Financial Reporting	35-40%
D. International Reinsurance	5-15%
E. Professional Responsibilities of the Actuary in Financial Reporting	10-20%

Expertise. Insight.
Solutions.

A. Regulation of Insurance

Candidates will be able to understand the role of the insurance business as a supplier of a vital service.

TASKS
1. Understand marketplace regulation within a risk-based capital framework.
2. Describe the necessity, operations, and risk transfer processes of mainstream government and industry programs, and how these programs interact with the voluntary private insurance sector in disaster, catastrophe and health insurance, including programs for catastrophes, terrorism, and agriculture.
3. Understand the regulatory market discipline in insurance, including financial reporting, product and rate filing requirements.
4. Understand conditions of effective insurance supervision.
5. Understand marketplace conduct and related issues, including professional codes of conduct for marketing and distribution activities, as well as consumer regulation.
Readings <ul style="list-style-type: none">- Avraham- Atreya et al- Brown & Klein- Chen- Dror and Piesse- Eling Europe- Eling Discipline- Feldblum- FDC- Frees- Government Insurers Study Note- IAA Risk Book- Klein- Kousky- McAneney- OCED- Swartz- Thanasegaran- Tipping- Webel

Expertise. Insight.
Solutions.

B. Solvency

TASKS
1. Understand solvency components.
2. Understand capital adequacy components of solvency regulation.
3. Understand ORSA and ERM in general.
4. Understand mainstream global solvency assessment.
Readings <ul style="list-style-type: none">- Blanchard Study Note- Geneva- IAA Solvency- IAA ORSA- IAA Risk Book- IAA Stress- IAIS ICP1- New Zealand

C. Financial Reporting

Candidates will be able to understand the key principles underlying IFRS 17 including the financial statement presentation.

TASKS
1. Understand the various risk-based capital frameworks, their implementation, and their purpose in aligning insurers with economic capital-based decision making.
2. Compare and contrast the fundamental principles and concepts underlying major financial reporting practices globally, such as US GAAP and IFRS 17.
3. Describe the key components of IFRS 17 reporting.
4. Evaluate the financial health of an insurance entity.
Readings <ul style="list-style-type: none">- Cai et al.- IFRS Study Note- EY IFRS 17- EY PAA Eligibility- EY Illustrative Financials- IAA ISAP- IAA Stress

Expertise. Insight.
Solutions.

D. International Reinsurance

The candidates will be able to understand reinsurance accounting terminologies and practices.

TASKS
1. Understand the impact of reinsurance and risk transfer on the financial health and capital of an insurer.
2. Understand the primary causes of reinsurance failure and their consequential impacts.
3. Understand reinsurance commutation basics, including commutation impact evaluation.
4. Understand the basics of reinsurance accounting.
5. Understand reinsurance accounting and its impact on financial statements.
6. Evaluate risk transfer (e.g., risk transfer test, calculating premium and loss) in a reinsurance contract utilizing numerical techniques (e.g., ERD, 10-10 rule) while understanding their limitations.
Readings <ul style="list-style-type: none">- AAA- Blanchard & Klann- Cedar & Thompson- EY IFRS 17- EY Illustrative Financials- Klann- IFRS Example- IFRS Study Note- Pocket Guide

Expertise. Insight.
Solutions.

E. Professional Responsibilities of the Actuary in Financial Reporting

The candidates will be able to apply professional responsibilities of an actuary as defined by standards of practice, regulators, and insurance laws for financial reporting from an international viewpoint.

TASKS
1. Describe the oversight role of the actuarial function as part of the lines of defense of effective risk management of an insurance company (e.g., signing statements of opinion, financial statements).
2. Describe the role of actuarial professional standards and their relationships with regulations.
3. Describe the foundational principles of the actuarial profession and how they influence the behavior of actuaries.
4. Describe common actuarial standards of practice applicable to general actuarial work and to financial reporting.
