

CAMAR Fall 2025 Meeting  
December 4, 2025  
Mandeville Hall, St. Joseph's University, Philadelphia, PA

- |              |   |
|--------------|---|
| 8:00 – 8:45  | <b>Check-in</b> , with Continental Breakfast        |
| 8:45 – 9:00  | <b>Business Meeting</b> Officer's Reports as needed |
| 9:00 – 10:00 | <b>Inflation Identification and Response</b>        |

We explore how to navigate the complexities of inflation, focusing on the significant impact of supply chain disruptions during COVID-19, potential and observed effects of international tariffs, and the importance of scenario testing for forecasting inflationary trends. This presentation provides actionable strategies to enhance resilience against inflation, including innovative methods to reflect inflation in reserve estimates, ensuring robust financial planning. Join us to gain insights and adopt forward-thinking solutions to effectively manage and mitigate inflationary pressures.

Speakers: Frankie Logan, Associate Advisory, KPMG,  
Eric DiCandilo, Manager, KPMG

Relations Committee

Mike Zarembor (2025)  
Chair – Education  
Committee

Matthew Schockley (2025)  
Past President

Brigh Carollo (2026)  
Past President

10:00 – 10:15    **Break**

10:15 – 11:15    **Point of Sale Capital Management**

Similar to the concept in investment management, we discuss how the addition of a new policy or group of policies can impact the risk/return position of the insurer and how to use that impact as a basis for whether to accept or reject a new policy

Speaker: Mundia Mubyana, Director, forvis mazars

**11:15 – 12:15 Recent Research Activities and Publications of the CAS Reserves Research Working Group**

The session will cover recent research activities and publications of the CAS Reserves Research Working Group.

Speaker: Chandrakant Patel, FCAS, MAAA, Senior Actuary, AmTrust Financial Services

**12:15 – 1:00 Lunch**

**1:00 – 2:00 Schedule F : What the F is in There?**

A discussion of the changes to Schedule F in recent years and how to use them. An encore of the highly recommended 2025 CLRS presentation.

Speaker: Lynne Bloom, FCAS, MAAA, Managing Director IAAS, Ernst & Young LLP

**2:00 – 3:00 Crop Happens**

Crop insurance is a short-tailed line of business with unique characteristics from general property and casualty lines of business. We'll discuss the history of the crop insurance program, the nuances of private-public relationship it has, reserving considerations, and provide a brief outlook on the challenges facing the industry in 2025.

Speaker: Ming Tran, FCAS, MAAA, Manager, Ernst & Young LLP;  
Brianna Mendes, Actuarial Consultant, Ernst & Young LLP

**3:00 – 3:15 Break**

**3:15 – 4:15 Professionalism Update from the Academy**

High professional standards are integral to what it means and what's required to be a credentialed U.S. actuary. These high standards help actuaries shine as professionals with responsibilities and accountability and continue to evolve with actuarial practice and societal norms. This session will provide focused time for you to learn about recent professionalism developments at the American Academy of Actuaries that every actuary member of the five major actuarial organizations in the U.S. needs to know about. You'll also learn about resources available for further research into professionalism and changes that may affect you.

Speaker: Susan Kent, FCAS, MAAA, VP and Chief Analytics Officer, Ohio Mutual Insurance Group; VP of Casualty, American Academy of Actuaries

**4:15 – 6:30 Reception**
