

Errata

Stochastic Loss Reserving Using Bayesian MCMC Models, 2nd Edition

Date Approved: 6/2/2026

Page 4

There are two dead links on this page. The reserve database, mentioned in the third paragraph of this page, is [available on the CAS website](#). The key summary statistics from the model, referred to in the last paragraph of the page, can be [downloaded](#).

Pages 84–85

Table A.2 is missing a column of data for Commercial Auto. The table in this errata sheet contains all data.

Table A.2. Group Codes for Selected Loss Triangles

Commercial Auto		Personal Auto		Workers' Comp		Other Liability	
353	8672	43	13587	86	11347	620	13501
388	9466	353	13595	337	11703	671	13668
